

# LIFE SCIENCES CONFERENCE CENTER

The BioPark Life Sciences Conference Center is located on the west side of the first floor of 801 W. Baltimore Street. The Conference Center includes the **Discover Auditorium** and **two conference rooms, Invent and Advance**, with a moveable partition wall that can be opened to create one large room. The outside hallway can also be used for registration or breaks.

## AMENITIES

Each room is equipped with user friendly audio/visual equipment. Building staff are available to assist with set-up. Equipment includes:

LCD/Video projector for multimedia computer/DVD presentations

Motorized projection screens

Overhead audio system

Remote control touch panels to control the audio/visual systems

Wired and wireless microphones

Podium with integrated audio/visual elements

28 arm chairs, 50 blue fabric stackable chairs and 25 tables, 3' x 5'

Polycom conference phone with auxiliary microphones.

Conference Center users will need to rent additional tables and chairs if required for their event.
